

## MRI Prep information:

In preparation of all MRI scans: Don't wear any makeup, since some brands contain metallic components. You will also be asked to remove all personal possessions that might contain metal. Also please inform the staff if you have any metal fragments, shrapnel or implanted devices in your body such as aneurysm clips, pacemaker, wires, and defibrillators.

NOTE: PLEASE BRING DEVICE MEDICAL CARD WITH YOU.

NOTICE: CLIENTS WITH PACEMAKERS **CANNOT** HAVE AN MRI SCAN.

If you have any known allergies to contrast or iodine please inform the staff so that the radiologist can make necessary arrangements.

\*\*\*\*\*

For **MRI Abdomen or Pelvis ONLY**, it is recommended that patients have nothing to eat or drink for four hours prior to appointment.

For ALL MRI scans, try to wear clothes that have no metal at all. We recommend you wear sweatshirt and sweatpants without any metal on the drawstring.
